Monday, Feb. 15, Noon – Capitol Steps, Olympia

Come and urge our elected leaders to stand up to special interest lobbyists and Eyman extremists and protect our future during this economic crisis! Help stop devastating cuts to education, health care, environmental programs, and services for the most vulnerable through closing tax loopholes and creating other sources of revenue. The future of our state and our economic prosperity depends on it!

**Don't let
the Tea Party
jokers shout
down our future**
